

GED

The GED is designed to be a challenging series of tests, consisting of five examinations: Language Arts, Writing; Social Studies; Science; Language Arts, Reading; and

Mathematics. On all five tests you are expected to demonstrate the ability to think about many issues. You can expect the subjects to be interrelated.

People who have not graduated from high school and who meet specific eligibility requirements (age, residency, etc.) may take the test. There is a cost for the test, but the classes are free.

ESL

Do you, or does someone you know, need help learning to speak, read, or write in English? Our classes are focused on helping you in the areas you most need. All forms of communication (reading, writing, speaking, and listening) are included in the classes.

Improve Skills

Do you already have a high school diploma or GED, but you're not really ready for college? You can improve your skills by attending adult education classes. We will work with you to develop a plan that will help you work on the specific skills you need to improve in order to be college prepared.

We have a variety of places and times for you to study. You can sign up to go to class in Rochester in the mornings or you can register to attend classes in Akron during the evenings. Warsaw has classes in the mornings and evenings.
